

RE: 02-278.

The FCC should not implement any proposal that would lessen Indiana's Telephone Privacy law protections.

Indiana's Telephone Privacy law has improved my time at home.

Indiana's law has been effective in my household. I used to receive 12 calls per week, now I only receive maybe one. It is so annoying to have telemarketers call, especially during dinner with the family. I am so thankful that I registered to be on the "NO call" list with our attorney general's office.

Please do not change this process. Thank you. Elaina Tindall
